

# SPORTS ATTENDANCE SURVEY

## COLLEGE-AGED STUDENTS

Responses from 1,125 college students, ages 18-23.

-  432 females and 400 males responded they missed the pre-game elements of an event.
-  12.6% responded they are "somewhat likely" or "not likely" to attend an event.
-  55% of all participants say that mask mandates would be a barrier for them to attend an event.

### NEARLY 90% OF STUDENTS ARE LIKELY TO ATTEND EVENTS THIS FALL.

-  Only 35 responses stated they would not go to an event if their friends are going.
-  62% of females are going because their friends are attending.
-  34% of males indicated they would not go to an event if there was too much social distancing.

### ARE THINGS BACK TO NORMAL?

-  Only 46% perceived venues as safe, leaving 54% of respondents unsure or questioning the safety of a venue.
-  Only 30% of respondents believe venues are clean.

### COMMON WORDS USED TO DESCRIBE THE PANDEMIC

Sad  
Disappointing  
Depressing
